Tara Blessinger
UX Designer
OneMain Financial
601 NW 2nd St.
Evansville, IN 47708

It's my pleasure to recommend Drew Goff for the position of UX Designer at your company. Drew and I worked together for over two years when he was a UX Designer in our department at OneMain Financial.

During his time at OneMain, Drew was diligent and insightful. He was eager to both learn and implement best UX practices. He is always on the forefront of technology. He's remarkably well-suited for working with designers, developers and is a great team asset. At OneMain, with help from our whole team, Drew organized, developed and led the brand standards design and implementation. His development of an interactive/web based brand standards guide was a tremendous success and is the foundation we still use today.

I recommend Drew without reservations — he'd be a stellar addition to your company. Please do not hesitate to reach out with any questions. You can reach me at (812) 431-6199.

Sincerely,

Tara Blessinger
UX Designer
